New Business

The Clubman's Meet in San Jose want us to sponsor and hold a Vintage bike Show at the same time in our own building at the SJ Fairgrounds. We would be independent operators, required to drum up participants, print flyers, sell tickets, collect all monies, pay expenses and keep profits if any. Board is going to review feasibility.

Pete Young is to present a Canon Ball Run review on Friday night of the Dixon Meet. He is focusing on AMCA Members and local participants. He will have pictures and slide show coverage.

I'm sure I missed many points covered; I couldn't hear over the Giants game fans from down stairs. I don't think any one else could either.

Check out our website. www.yerbabuenaamca.org Brian Davis has continued to make updates and more improvements. It may also contain information which I missed during the meeting; this site is something we can be proud of. Keep up the good work Brian
